Employment

General Assembly

Full Stack Web Developer

Seattle, WA

Nov 2015 to Current

12 intensive 60-hour weeks training in three stacks, supplementing solid front-end foundations with new server-side skills. I learned to collaborate and brainstorm to see projects from conceptualization to deployment.

Hotel Sorrento

Guest Services Supervisor

Seattle, WA

May 2013 to Nov 2015

My key responsibilities were directing the valet, bell and concierge teams, working closely with the Front Office Manager and the General Manager to maintain guest satisfaction, and establish and maintain hotel standards at the iconic luxury property.

Valet/Concierge

Wore many hats to create or enhance the guest experience. Along with front-of-house ambassador duties, I was quick to assist all departments and learn many facets of guest service and hospitality

Seattle, WA

Apr 2008 to Feb 2012

Alexis Hotel

Overnight Porter

Seattle, WA

Feb 2012 to Jun 2013

At Kimpton's most successful Seattle property, I worked as a one-man band greeting guests as valet/bellman/concierge, as well as cooking and serving all in-room dining orders in during the shift.

KXLF-TV

Newscast Director

Butte, MT

Oct 2003 to Sep 2007

At the hub of the Montana Television Network (CBS), my responsibilities included directing and switching two daily live newscasts, a weekly local community spotlight and a monthly political roundtable show. On the other side of the glass, I gathered experience writing, shooting and editing for news and sports stories.

Projects

span206

Designed for the functional Seattle biped, span206 finds your position and links to urban hikes nearby.

Essential

Seattle's low-income and homeless community are targeted by this helpful, team-built application. Users are able to find information about shelters and hot meals available to them.
